

AEROFICIAL
INTELLIGENCE

Java Developer (f/m/d)

8020 Graz, Austria or Remote | immediate Start

Company Description

We're an innovative Graz-based Aviation IT company, established in 2018. At Aeroficial Intelligence, we've developed the Cockpit Suite cloud platform, delivering cutting-edge analytics solutions for airports and air traffic control. As a Software Developer, you'll play a crucial role in designing, developing, and deploying scalable software solutions. Working closely with our cross-functional teams, you'll create exceptional user experiences, build robust back-end systems, and contribute to the success of the Cockpit Suite. If you thrive in a collaborative, fast-paced environment and love cutting-edge technologies, this opportunity is for you. Join our team and be part of our exciting journey!

Your Tasks

- Develop analytics tools and innovative web applications for data visualization and analysis
- Collaborate with data engineers on developing data pipelines and independently work on new microservices for analytics tools
- Drive your own ideas for code and process improvements
- Work agilely in a scrum team, benefiting from feedback through pair-programming and code reviews

Your Profile

- Passionate about clean code, simplicity and pragmatism
- Solid programming experience in Java/Kotlin
- Ideally, experience with cloud technologies (Google Cloud Platform) and working in a CI/CD environment
- Understanding of modern software architecture concepts and interest in software design
- Beneficial experience with Spring Boot, Elasticsearch or Kubernetes
- Methodical and structured approach, conceptual thinking, team spirit and open communication with a quick grasp of complex tasks

Our Offer

- Work in a dynamic, entrepreneurial environment with a direct impact on company success
- Shape the global aviation industry
- Exciting projects with global impact, free from routine tasks
- Dynamic environment with flat hierarchies and opportunities for further education
- Collaborative and inclusive company culture fostering creativity, innovation, and personal growth
- Take responsibility and make independent decisions
- Flexible working in terms of time and place
- Regular team-building activities and social events to celebrate success
- Attractive city center office with roof top terrace
- Possibility to apply for a "Dienststrad"

The minimum yearly gross salary based on a 38.5-hour workweek is €40,000 if all requirements are fulfilled. Your actual salary will be market-based, considering your professional experience and qualifications. If interested, please send your application to jobs@aeroficial.com.
